THE MUSTANG

Foreward

The Mustang Staff wishes to give you a complete picture of your school life during 1948-1949. May this annual bring you many happy memories

Dedication

To you, the Citizens of Denver City, this book is gratefully dedicated. May it, in some small way, express our appreciation for your encouragement and support.

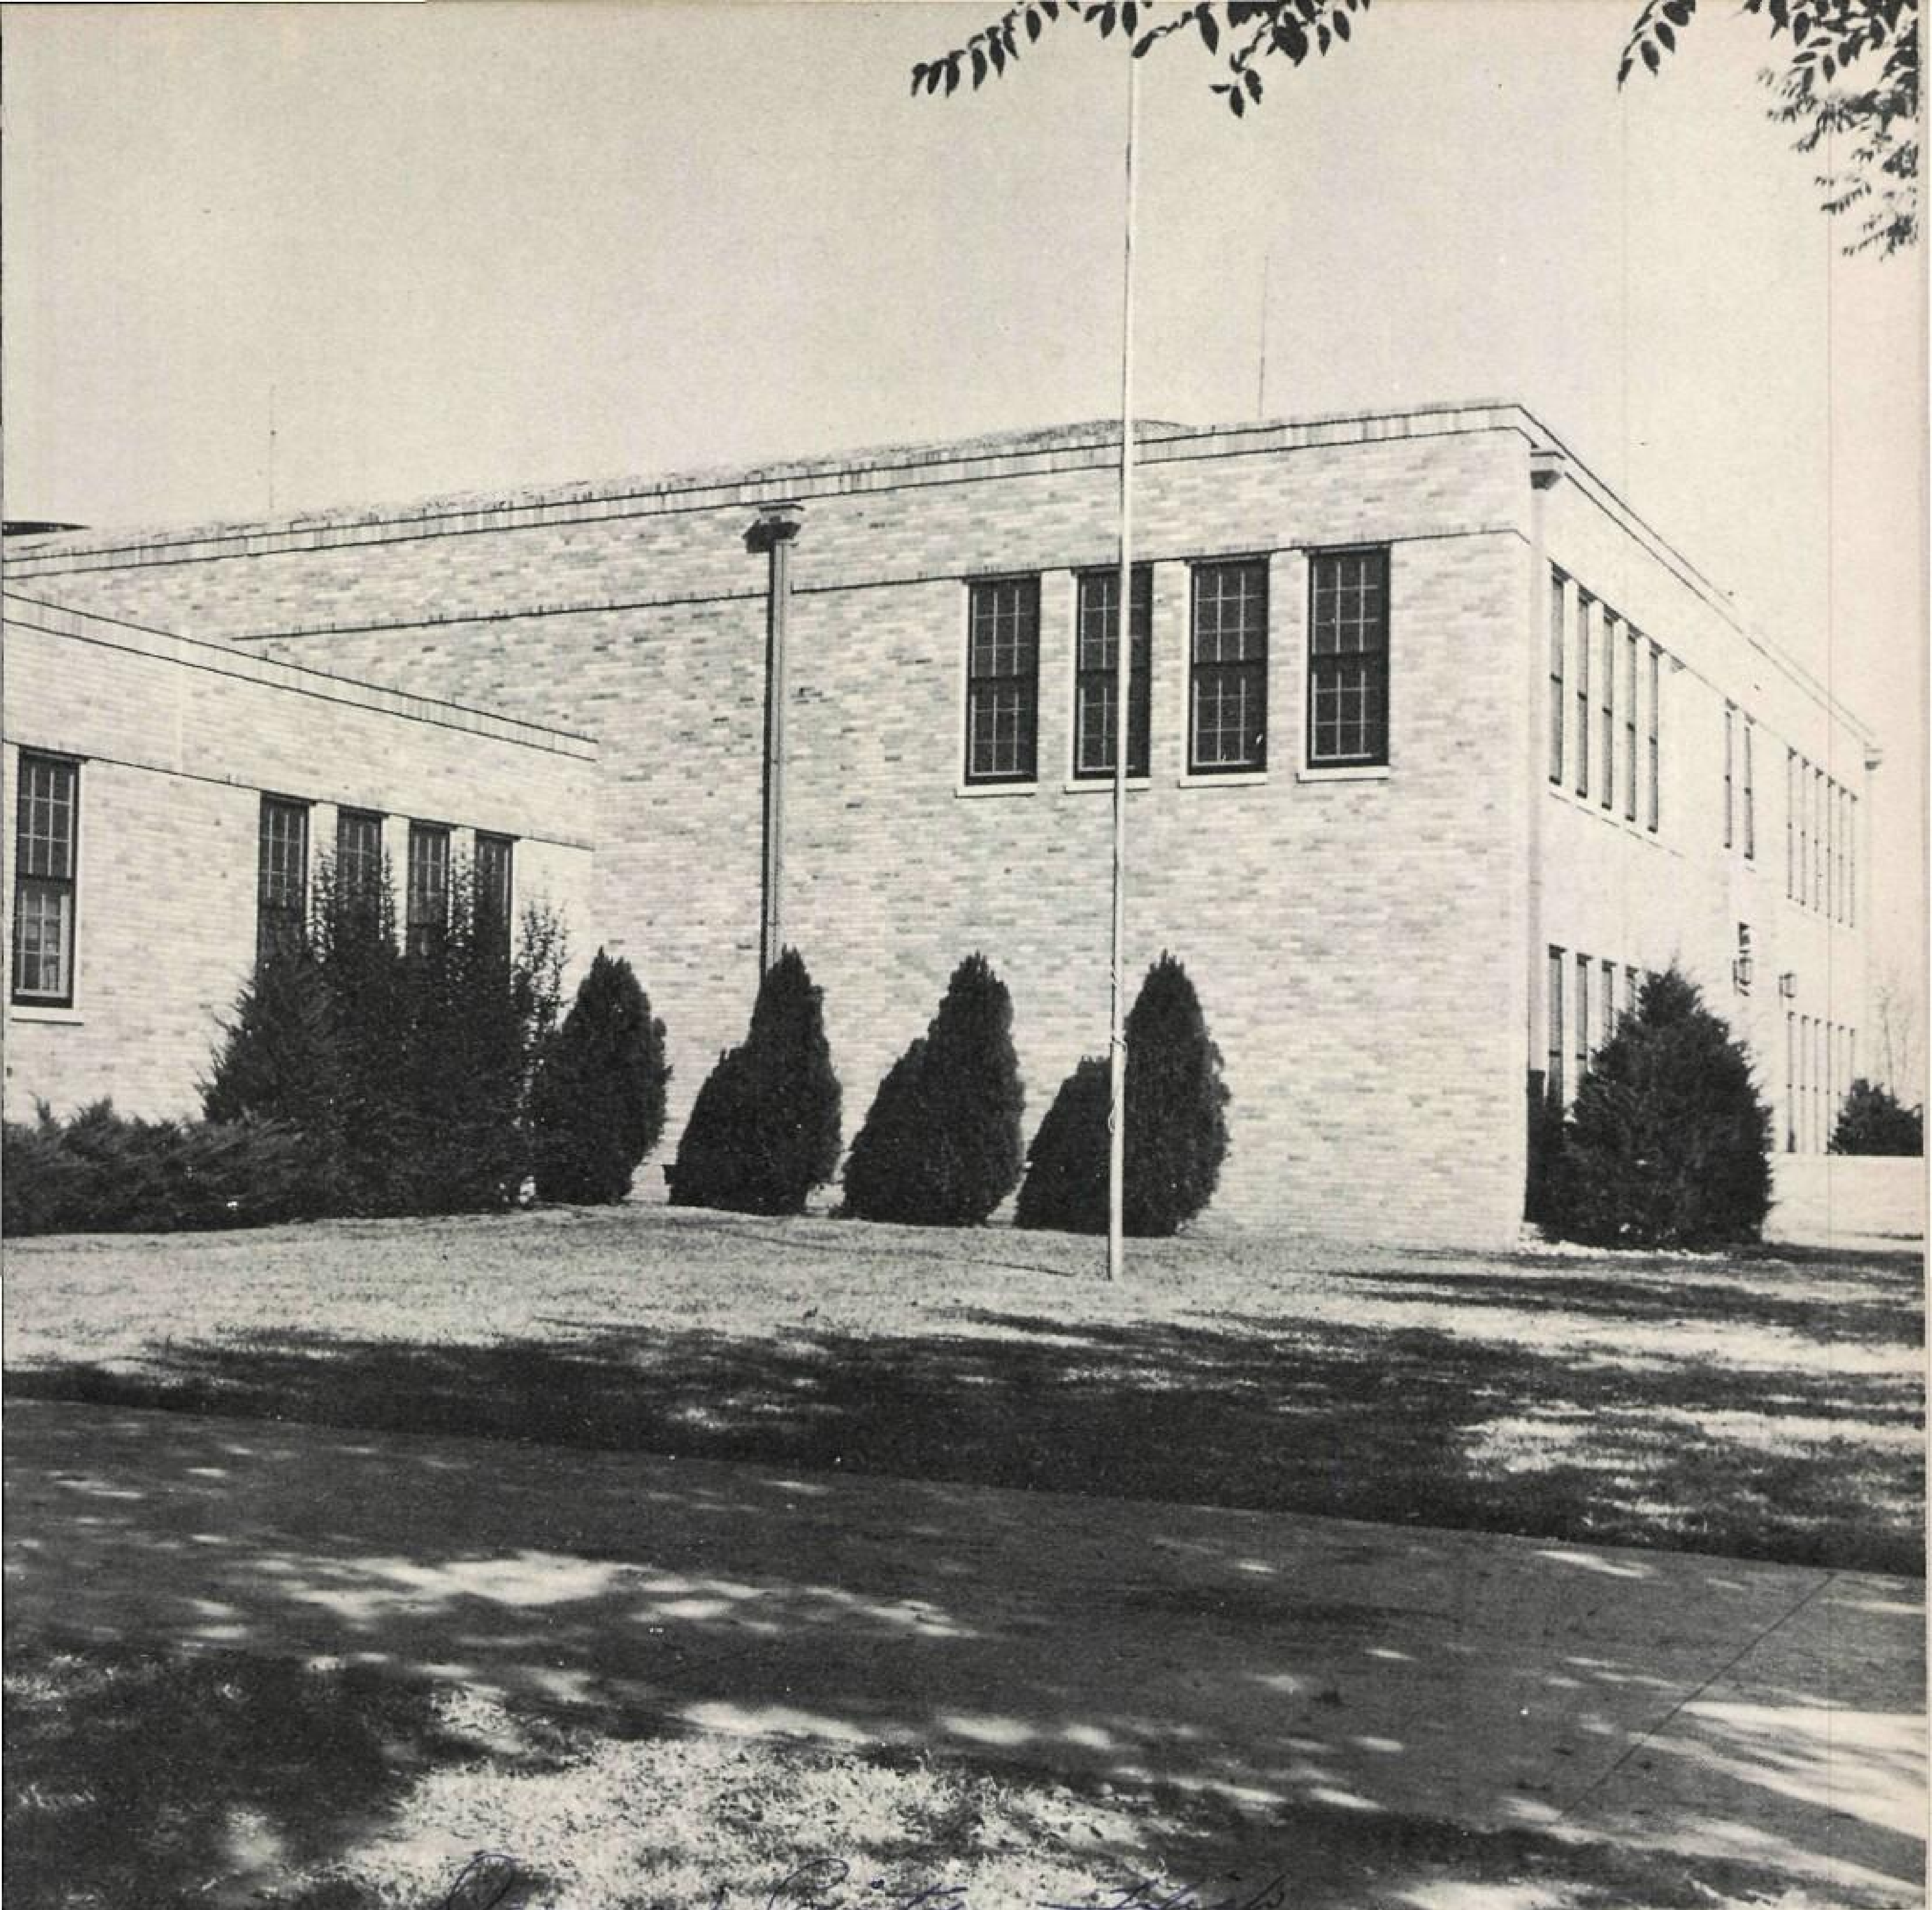

ADMINISTRATION

Dear Charlotte,
In the short time I have known you and have enjoyed being in your company. Always remain the sweet girl you are now.
Love
LaNell

Perhaps there has never been a time when opportunities for complete living were greater than at the present. The ceiling is unlimited to the individual who prepares himself for usefulness in our system of free enterprise. Such preparation should include not only vocational training but also developement of moral, spiritual, and social attributes that would contribute to the proper use of leisure time and desirable relationship with our neighbors.

This preparation, with ambition and determination, will make useful, happy citizens. It has been said that genius is only the power of making continuous effort. Our aims should be set high and then an honest effort made to reach them.

If our school is contributing toward your preparation for complete living, then some of the objectives of the philosophy of education are being attained.

Superintendent,

J. W. Jones

There are four great tests of character. First, the home test: how a man treats those with whom he lives. Second, the business test: how a man conducts himself towards his customers and employees. Third, the social test: how a man acts towards those who do not enjoy the same social advantages as himself. Fourth, the "success" test: how a man behaves himself when favoring circumstances bring him wealth, power, position, and honor.

The man who changes character for cash, purity for power, manhood for money, his soul for silver and his God for gold is a failure, first, last and always. Right is right as God is God. Character is the only thing which endures. Character is the only thing you will ever take with you out of this world, and the only thing which you will ever leave behind you that endures. Character is the biggest word in the dictionary. Character is the diamond which scratches every other stone. Character is the keystone in the arch of destiny. The universe is built on character. No lasting superstructure was ever built on a lie.

Senior Class History

As freshmen we were a scared lot, but our sponsors, Mr. and Mrs. Lowrance made the vast problems of high school seem small and easier to understand. We had a grand time as Freshmen, and our high-point of that year was our Freshman Day. We hiked to the Old Mill where we had a wonderful picnic!

When we were Sophomores, we elected Mrs. Peterson as our sponsor. We were better acquainted with the school and its activities, and were really ready for a good time as well as for learning our lessons. Mrs. Peterson made our Sophomore year enjoyable, and we will never forget our Christmas party. We exchanged presents, and everyone had a very good time. That year, Mrs. Peterson received enough red pencils to last our entire high school careers.

As we grew older, we became Juniors. Miss Weiss was our sponsor, and with her help, we gave the Seniors a very beautiful banquet. Our Home-Ec. teacher, Mrs. Mitchell made our Banquet seem like a royal feast. Our Junior Day found us at a swimming and bar-b-q party at the Honolulu Camp. With sun-burned faces, we made our way home from a delightful day of partying.

Our Senior year has been the most glorious year of all. With the thought in mind that it was our last year in high school, we made it all that a Senior year could be. Our sponsor, Mrs. Shaw, made our Senior year a grand one, and we will always remember her as a part of it. We, as Seniors, wish to thank our Alma Mater for the four best years of our lives.
